

Math Tutoring Support and Resources

Please contact the Counseling office at any Fulton County School for more information regarding:

- Peer tutoring provided at many of our high schools through groups such as Beta Club and National Honor Society.
- Teacher and staff help sessions for students who request additional assistance.
- Additional math course support provided through PLATO.
- Tutoring or supplemental services provided at Title I schools. Please contact the Title I Department at 404 669-8217.

Free On-Line Math Resources

Algebra-Class

<http://www.algebra-class.com/>

<http://www.brightstorm.com/d/math>

Covers every math topic from Algebra 1 to Calculus.

Interactive Math Tutorials

(Over 2,000 online videos with top notch teachers)

Website: <http://www.brightstorm.com/d/math>

Class Zone

<http://www.classzone.com/cz/index.htm>

Provides lesson activities, eworkbooks, and resources for Math by level and state.

Free Math Help

<http://www.freemathhelp.com/>

Many math help resources for Algebra, Geometry, Trigonometry, and Calculus including lessons, games, and a help message board.

Georgia Virtual School

<http://moodle.gavirtualschool.org/>

Free Math resources intended to assist in transition into Math 1 for students who did not successfully complete the middle school Georgia Performance Standards curriculum. This online resource is similar to the credit granting class in mathematics content. However, it is only a resource and is not offered for credit.

High School Ace

<http://highschoolace.com/ace/math.cfm>

Free resources and links provided for assistance with Geometry-Calculus

Long Beach Unified School District Beat the Computer Math Drills

http://www.lbusd.k12.ca.us/Main_Offices/Curriculum/Areas/Mathematics/Drills/

The purpose of these drills is to help students memorize important facts in Arithmetic, Geometry, Algebra, and Trigonometry. Students are challenged to say the answers aloud before the computer shows them the response.

Math Bits

<http://www.mathbits.com/>

Free lessons and activities provided

Secondary and College Level Mathematics

Math Forum

<http://mathforum.org/math.topics.html>

Collection of resources for each math topic

Search Internet Mathematics library for

specific needs
