# FCS STUDENTS! GET READY4LIFE

WITH NAVIANCE: THE TRUSTED COLLEGE, CAREER & LIFE READINESS PLATFORM

Naviance is an online platform that helps students at more than 13,000 schools discover their strengths, explore college and career interests, create actionable goals and find their best-fit path after high school. Fulton County Schools has partnered with Naviance to provide you with tools for achievement through academic, career and college planning.

## EXPLORE INTERESTS & SELF-DISCOVERY

Exploring interests and engaging in self-discovery helps you develop confidence and lays the foundation for your life today and your future. By uncovering your strengths and unique skills, you will not only realize your potential, but you can begin working toward your future.

*Naviance will help you:*

**UNDERSTAND** your unique strengths

**EXPLORE** self and personal interests

**SET GOALS** for your future

**DEVELOP** self-knowledge and personal motivation

## LEARN MORE ABOUT CAREERS

Picturing your future will help you engage in school today in a meaningful way. Naviance's career planning and assessment tools will allow you to realize your strengths, goals, knowledge, values, and interests in future careers, and will help you work toward a path that is inspiring.

*Naviance will help you:*

**CONNECT** your interests to career fields

**IDENTIFY** best-fit careers

**PLAN** for life after high school

**LEARN** from leaders via Road Trip Nation

## RESEARCH & PREPARE FOR COLLEGE

Based on interests, and by comparing admissions rates, Naviance will allow you and your family to make informed decisions, connecting you to best-fit colleges. Regardless of your plans after high school, Naviance assists with researching 2yr and 4yr colleges, including technical schools.

*Naviance will help you:*

**EXPLORE** college admissions stats

**MATCH** to best-fit colleges

**IDENTIFY** ideal college majors

**UNDERSTAND** college and scholarship possibilities

## US schools still put a premium on testing

NACAC Survey 2019: Factors influencing admissions decisions

Importance	Considerable	Moderate	Limited	None
Grades in All Courses	74.5%	15.0%	5.5%	5.0%
Grades in College Prep	73.2	16.8	5.9	4.1
Strength of Curriculum	62.1	21.9	8.7	7.3
SAT/ ACT Test Scores	45.7	37.1	12.2	5.0
Essay or Writing Sample	23.2	33.2	24.1	19.5
Demonstrated Interest	16.1	23.9	28	32.1
Counselor Recommendation	15.1	40.4	26.6	17.9
Teacher Recommendation	14.2	40.2	26.5	19.2
Class Rank	9.1	29.1	34.1	27.7

However, the test-optional movement is growing

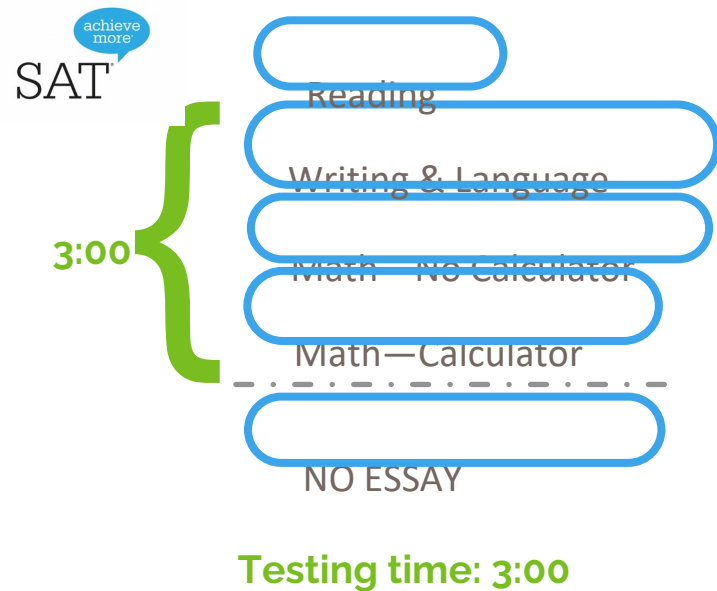

Test-optional schools offer another route for academic superstars who don't necessarily test very well. However, many students applying to these schools still submit scores, and strong scores will be considered an addition to an admissions portfolio.

# The SAT and the ACT

Structurally, the two tests appear nearly identical

Overall, 75-80% of the test content overlaps

- More advanced reading
- More math word problems

- More advanced science
- More advanced math

The amount of time per question is a profound difference.

Section	ACT	SAT	% Difference
Writing	36.0	47.7	33%
Reading	52.5	75.0	43%
Math	60.0	84.2	40%
Science	52.5	N/A	N/A

The SAT has a more forgiving timing structure, which can benefit some students, but as we'll see, it's also a more complicated test.

## Digging Deeper: ACT vs. SAT Math content areas

	ACT	SAT
Algebra	46%	62%
Geometry	23%	6%
Arithmetic/ Data Analysis	24%	30%
Trigonometry	7%	2%

As you can see, the math content is much more evenly distributed on the ACT than it is on the SAT, which relies heavily on Algebra.

*\*Using SAT categories, which are slightly different from ACT math categories*

## Digging Deeper: SAT vs ACT Reading

### SAT

### ACT

Although the ACT forces students to go faster, the difficulty level is more consistent. Students should be prepared for the spikes in difficulty on the SAT.

## Digging Deeper: ACT Science

**The ACT's Science Test is unlike anything on the SAT,** which has some science mixed into the Reading, but no dedicated Science section. Students must move quickly through complicated passages full of graphs and charts.

Source: *Applerouth's Guide to the ACT, 4th Ed.*

Questions 1–6 relate to the following passage.

Cyanobacteria are a group of aquatic bacteria that capture light from the sun and convert it into chemical energy that can be used as food. This process is summarized by the following equation:

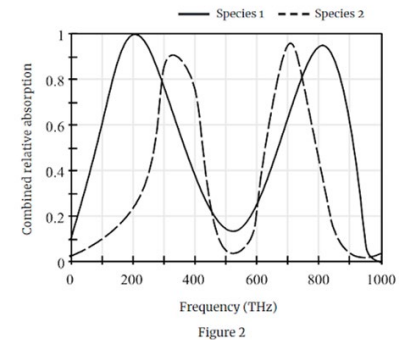

Table 1 lists frequency ranges for visible light and the color commonly associated with each range.

Color	Frequency (THz)
Red	405 – 480
Orange	480 – 510
Yellow	510 – 530
Green	530 – 600
Cyan	600 – 620
Blue	620 – 680
Violet	680 – 790

Bacteriochlorophylls are pigments that capture light energy. Figure 1 shows the relative absorption of light by bacteriochlorophyll *a* (*BChl a*), bacteriochlorophyll *b* (*BChl b*), and bacteriochlorophyll *c* (*BChl c*) across the light frequency from 0 THz to 1000 THz.

Figure 2 shows two different species of cyanobacteria and the combined relative absorption of their *BChl a*, *BChl b*, and *BChl c* pigments across various light frequencies.

# Nuts and Bolts

*Registrations, scoring and more*

## How to register for the SAT and ACT

To register for the SAT, log on to <http://www.collegeboard.org> and click “**Register for the SAT.**” You will have to create a CollegeBoard account if you do not already have one.

To register for the ACT, log on to <http://www.act.org> and click “**Register Now for the ACT.**” You will have to create an ACT account if you do not already have one.

## How to secure accommodations

If your student needs accommodations for either the SAT or ACT, you must work with your student's school guidance counselor or disabilities coordinator to submit the correct paperwork.

- ★ If your student plans to take the SAT multiple times with accommodations, you only have to go through the process once—the accommodations follow your student through any SAT, AP exam or PSAT.
- ★ However, you have to **re-apply for accommodations for every ACT** administration your student plans to sit for. Be aware that it can take some time to process, and don't leave registration until the last minute!

**Colleges cannot see when a student has taken a test with accommodations: it's the law!**

## Superscoring

Superscoring allows students to combine top section scores from different test dates to form a **new composite score**, the only score to be used in the admissions process.

Test Date	Verbal	Math	Composite
March	630	670	1300
May	610	630	1240
June	660	650	1310
Superscore	660	670	1330

The vast majority of schools will superscore the SAT, and many will superscore the ACT. Always ask!

# Effective prep

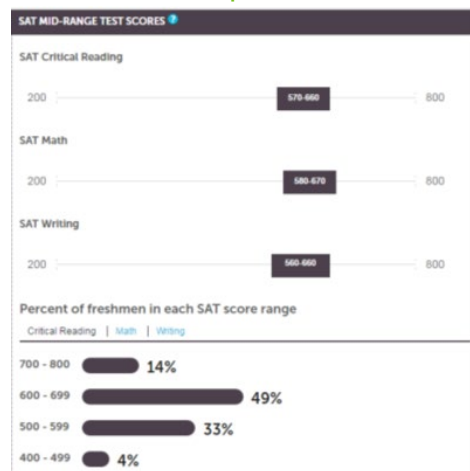

*Timelines and best practices*

## Set realistic goals: Find score ranges online

Use the College Board site or Applerouth account to see how your scores compare to other applicants

Top 25%

Middle 50%

Bottom 25%

**Your competitive set**

Remember that the bottom quartile is predominately “hooked” applicants (i.e., athletes), not straight academic admits. The median score for unhooked applicants is closer to the right side of the middle 50% range.

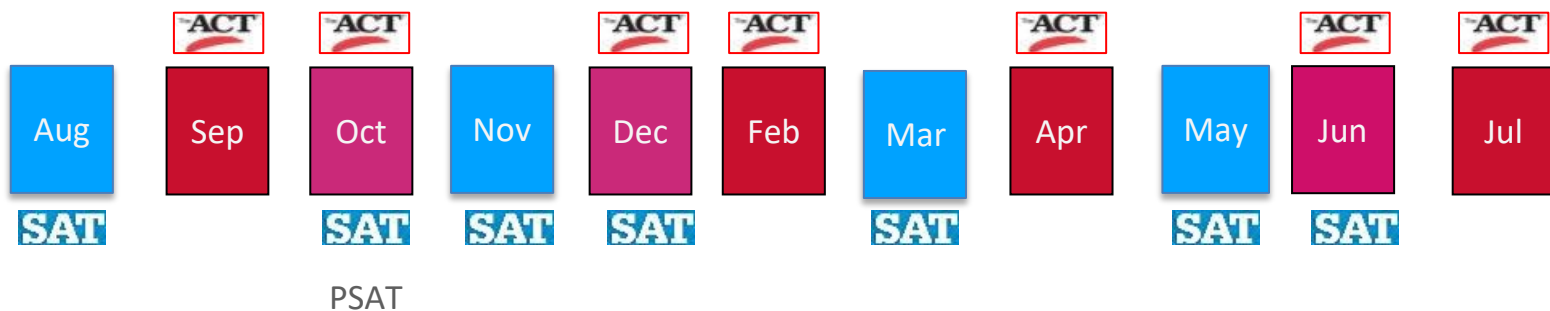

## The importance of multiple test dates

It's a good idea to plan for multiple test dates; we recommend families plan for three separate testings of the **same** test. Here's why:

- **Superscoring potential**
- **Gains in confidence over time**
- **Negates any test difficulty or scoring fluctuation**
- **Allows student and tutor to set incremental goals**

**Plan for three and stop once you reach your goal!**

You have lots of opportunities to take either test!

**Remember that registration for any given test (except for PSAT) closes about a month before the test date. Registering earlier than that is smart - the earlier you register, the more likely you'll be able to take the test at your first-choice location.**

## Practice: You must take mock tests

These tests mimic the real thing and can tell you a lot about:

Time management and  
mental fatigue

### Total Score: 1180

There are a lot more subscores and cross-test scores on the New SAT, but your total score is simply a Reading & Writing score (200-800) combined with a Math score (200-800). You scored a **1180** out of a possible 1600.

ACT Equ. Score: 24

### Reading 30

PASSAGE	CORRECT	INCORRECT	OMIT
Literature	8	2	0
History/S.S.	14	5	2
Science	6	4	0
Science (Comp)	7	4	0
<b>TOTAL</b>	<b>35</b>	<b>15</b>	<b>2</b>

It looks like you **paced yourself well** on this section. Nice job!

You lost the most points on **Rhetoric** questions.

### Math 29.5

SECTION	CORRECT	INCORRECT	OMIT
No Calculator	12	5	3
Calculator	25	13	0
<b>TOTAL</b>	<b>37</b>	<b>18</b>	<b>3</b>

You lost the most points on **Basic Modeling** questions.

Wrong answer patterns, guessing  
efficacy and shaky content mastery
