# WHAT IS DUAL ENROLLMENT?

**The DUAL ENROLLMENT program is an opportunity for qualified high school students to simultaneously earn college and high school credit while enrolled at Centennial High School as a high school student.**

**Students may participate as a full-time or part-time student.**

**Students earn college credits while meeting high school graduation requirements.**

## **UPON HIGH SCHOOL GRADUATION, HOW WILL MY POST-SECONDARY INSTITUTION USE MY DUAL ENROLLMENT CREDITS?**

**Colleges/Universities decide, independently, how they will use dual enrollment credits. Credits may fulfill collegiate core/major course requirements or elective course requirements. It is the responsibility of the student/family to review the dual enrollment policy of their college(s) of interest.**

# HOW DOES GRADING WORK?

- ✓ If colleges provide the high school with letter grades, Centennial will transcribe the letter grade to a numeric grade in accordance with District Board Policy IH, VII:

**A = 95**

**B = 85**

**C = 75**

**D = 70 (IF CREDIT BEARING)**

**F = 60**

- ✓ If the student fails a class, it could jeopardize graduation! The failing grade is reported to both the college & high school transcript
- ✓ 7 points are added to the final grade
- ✓ All dual enrollment classes are included on both the high school & college transcript.

# CREDIT CONVERSION

- ▶ 1 - 2 semester hour college classes = .5 HS credit.
- ▶ 3 - 5 semester hour college classes = 1.0 HS credit.

**\*Science labs will receive .5 HS credit and will count toward HS elective credit. They will not count towards the fourth science requirement. \***

# WHO CAN PARTICIPATE?

# ARTICULATION AGREEMENT

**An articulation agreement is an officially approved agreement between two institutions, which allows students to apply credits earned in specific programs at one institution toward advanced standing, entry or transfer into a specific program at another institution. Such agreements help students make a smooth transition from one institution to another by minimizing duplication of coursework. Because articulation agreements are between institutions, they do not require students to make individual arrangements.**

QUESTION	ANSWER
If my student earns college credit through Dual Enrollment, are they then considered a transfer student when applying to college?	No; students who take college courses in high school are still considered traditional freshman applicants. They should <u>not</u> complete the college transfer application.
Will COLLEGE ENGLISH be offered on the Centennial High School campus?	Yes; students may request to take College English on the Centennial High School campus. GSU-Perimeter instructors will teach the course from the CHS campus. Students must meet GSU Dual Enrollment participation requirements.
Are the academic calendars for Fulton County Schools and the Dual Enrollment institution the same?	No; students must abide by the academic calendar of their Dual Enrollment institution.
Will there be bus transportation to/from Gwinnett Technical College or Georgia State University?	Bus transportation will not be provided for the 2020-2021 school year; thus, all students/parents should plan to secure independent transportation to/from their Dual Enrollment institution of choice.
What type student is most successful?	Students should be remarkably self-motivated, responsible and studious.
