Sponsored by the Fulton County School System's School Counseling Department, the Future Focus Fair helps parents of middle and high school students learn about the many opportunities awaiting their children after graduation and how to prepare them today.

This isn't a college fair – it's an event to help parents understand what they can do to guide their children in choosing the right path. At our event:

- Hear representatives from some of metro Atlanta's four-year universities and two-year colleges explain the college admissions process and other entry requirements.
- Learn which classes and other courses your child should take to prepare for a successful post-secondary experience.
- Engage in a panel discussion and/or breakout session with representatives from the following organizations:

University of Georgia  
Georgia Institute of Technology  
Georgia Perimeter College  
Georgia State University  
Emory University  
Atlanta Metropolitan College  
Gwinnett Technical College  
Kennesaw State University

Morehouse College  
Fulton County Schools Counselors/Graduation Coaches  
Fulton County Schools Career & Technical Education Department  
Georgia Student Financial Commission  
Princeton Review Test Preparation  
The College Board
